# OCLC Accessibility Remediation Roadmap

## WCAG 2.1 AA Criteria

Accessibility Roadmap Template version 1.0

### Vendor/Product Information

<b>Vendor Name</b>	OCLC, Inc.
<b>Product Name</b>	EZproxy
<b>Product Version</b>	7.0.10, 2020
<b>Product Description</b>	EZproxy allows libraries to deliver e-content to users simply, effectively, and securely no matter where or when they're searching. EZproxy was built for libraries to protect user privacy, making it a trusted e-resource access and authentication solution for nearly 20 years. Thousands of libraries around the world use EZproxy to facilitate seamless, reliable access to e-resources.
<b>Completion Date</b>	9/24/2020
<b>Contact Name/Title</b>	OCLC Accessibility Team
<b>Contact Email/Phone</b>	<a href="mailto:accessibility@oclc.org">accessibility@oclc.org</a>

## Specific Issues

Issue Description	Current Status <i>Open, Closed, In Progress</i>	Disposition <i>Planned, Deferred, In Progress</i>	Remediation Timeline	Available Workarounds	Comments
1.1.1 Non-Text Content	Open	Planned	TBD	--	Errors exist on linked content referenced from EZproxy that are not part of the EZproxy application.
1.3.1 Info and Relationships	Open	Planned	TBD	None	High incidents of using HTML to format content occur on the following pages: <ul style="list-style-type: none"> <li>• "View Group Database Assignments"</li> <li>• "View Group Membership"</li> <li>• "View Server Status"</li> </ul>
1.4.3 Color Contrast is not sufficient	Open	Planned	TBD	--	Errors exist on linked content referenced from EZproxy that are not part of the EZproxy application.
1.4.10 Reflow	Open	Planned	TBD	Scroll to view content	Some pages when resized for visual impairment require scrolling and it is difficult to interpret the results.
2.4.1 Bypass Blocks	Open	Planned	TBD	Navigate down the page manually	Some pages return "No Option to Skip Repeated Content."
2.4.2 Page Titled	Open	Planned	TBD	Infer page title based on page content	Pages use the Body tag (instead of the Title tag). Page titles are within the UI are generic rather than specific, e.g. "Administration" vs. "Fiddler Capture"
2.4.4 Link Purpose (In Context)	Open	Planned	TBD	--	Minimal violations found on: <ul style="list-style-type: none"> <li>• EZproxy Admin home page</li> <li>• Linked content not referenced from EZproxy that are not part of the EZproxy application</li> </ul>
2.4.5 Multiple Ways	Open	Planned	TBD	--	Users must access pages from the Administration link at the top left corner.

<b>Issue Description</b>	<b>Current Status</b> <i>Open, Closed, In Progress</i>	<b>Disposition</b> <i>Planned, Deferred, In Progress</i>	<b>Remediation Timeline</b>	<b>Available Workarounds</b>	<b>Comments</b>
2.4.7 Focus Visible	Open	Planned	TBD	--	Errors exist on linked content referenced from EZproxy that are not part of the EZproxy application.
3.1.1 Language of Page	Open	Planned	TBD	--	The language of the page "EN" is not set in the HTML.
3.2.2 On Input	Open	Planned	TBD	Infer form controls based on context	The View Audit page has errors for Select Box Has No submit button and Input Field Has No Description.
3.3.2 Labels of Instructions	Open	Planned	TBD	--	There are duplicate errors for 1.3.1 above
4.1.1 Parsing	Open	Planned	TBD	--	Errors exist on linked content referenced from EZproxy that are not part of the EZproxy application.
4.1.2 Name, Role, Value	Open	Planned	TBD	--	--

## Additional Information

OCLC is committed to providing proxy tools for all users, and accessibility is an important consideration. Due to the nature of EZproxy, our compliance report reflects use of the default HTML and administration pages only. Compliance for 3rd party interfaces for the end user experience should be requested from those providers. We appreciate receiving feedback from member libraries about this issue, and anything members can share about priorities for future enhancements is always welcome.
