

## **Accessibility Conformance and Remediation Form**

This report covers the degree of conformance for the following accessibility standard/guidelines:

Included In Report:

Web Content Accessibility Guidelines 2.2 (W3C Candidate Recommendation Draft 25 January 2023)

- Level A (Yes)
- Level AA (Yes)
- Level AAA (No)

Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018

List each major accessibility issue for the product Including the following:

- Gaps identified from the WCAG 2.0 A & AA guidelines, Voluntary Product Accessibility Template (VPAT) and EPUB3 Accessibility Guidelines (if applicable)
- Gaps identified in other product support documentation
- Gaps identified by a third-party accessibility evaluation report (if available)

## Accessibility Matter #1

1. **Product/Vendor Information:** Simple Syllabus
2. **Issue Description:** [1.2.2 Captions \(Prerecorded\)](#) is **Partially Supported:** Captions are provided for all pre-recorded audio content in synchronized media, except when the media is a media alternative for text and is clearly labeled as such.

### [1.2.2 Captions \(Prerecorded\)](#) (Level A)

Also applies to:

Revised Section 508

- 501 (Web)(Software)
- 504.2 (Authoring Tool)
- 602.3 (Support Docs)

3. **Current Status:** Enter one of the following values:
  - Open: The issue has not yet been resolved
4. **Disposition:** Enter one of the following values:
  - I/P: The issue is currently under investigation
5. **Remediation Timeline:** This issue is currently on our roadmap for future development. It is in the planning stages but is semi-dependent upon advances in technology which make the timeline fluid.
6. **Available Workarounds (for vendor only):** Video content from accessibility-minded media providers can be integrated directly into a syllabus with captions included. Examples include but are not limited to Kaltura, Vimeo, YouTube, and Canvas Student. Furthermore, video can be fully disabled for the site as a whole.

7. **Comments (optional):** Provide details/description regarding the issue

Simple Syllabus has a video upload feature that if turned on allows instructors to include video content within their syllabus. Video captioning is not natively included, but user uploads can be turned off by administrators to enforce accessibility.

8. **Additional Information (optional):** N/A

## Accessibility Matter #2

1. **Product/Vendor Information:** Simple Syllabus
2. **Issue Description:** [2.4.5 Multiple Ways](#) (Level AA) is **Partially Supported:** More than one way is available to locate a Web page within a set of Web pages except where the Web Page is the result of, or a step in, a process.

### [2.4.5 Multiple Ways](#) (Level AA)

Also applies to:

- Revised Section 508
  - 501 (Web)(Software) – Does not apply to non-web software
  - 504.2 (Authoring Tool)
  - 602.3 (Support Docs) – Does not apply to non-web docs
- 3. **Current Status:** Enter one of the following values:
  - Open: The issue has not yet been resolved
- 4. **Disposition:** Enter one of the following values:
  - I/P: The issue is currently under investigation

5. **Remediation Timeline:** There is no immediate timeline to resolve this issue as it will take further investigation. Due to the nature of syllabus software it is difficult to find a solution to all scenarios.

6. **Available Workarounds (for vendor only):**

Simple Syllabus pages can be navigated in multiple ways, following consistent layouts in global and page navigation. Only a few pages fail to meet this accessibility requirement and the product team is working on finding a logical solution.

7. **Comments (optional):**

A site map feature is being added to the application. Which will further address capabilities in this area. We are still looking for a feasible way to create dynamic site maps based on user personas since the site map will need to be dependent on permissions.

8. **Additional Information (optional):** N/A
