

Accessibility Conformance and Remediation Form

Instructions

This form serves as means for auditors and vendors to document accessibility gaps associated with AIMT products and to indicate plans for addressing these gaps in the future.

We ask that you complete the **form** provided on the next page as follows:

1. **Product/Vendor Information:** Provide the information requested
2. **Issue Description:** List each major accessibility issue for the product Including the following:
 - Gaps identified from the WCAG 2.0 A & AA guidelines, Voluntary Product Accessibility Template (VPAT) and EPUB3 Accessibility Guidelines (if applicable)
 - Gaps identified in other product support documentation
 - Gaps identified by a third-party accessibility evaluation report (if available)
3. **Current Status:** Enter one of the following values:
 - Open: The issue has not yet been resolved
 - Closed: The issue has already been resolved
 - I/P: The issue is currently under investigation
 - Other
4. **Disposition:** Enter one of the following values:
 - Planned: The issue will be resolved
 - Deferred: The issue will not be resolved
 - I/P: The issue is currently under investigation
 - Other
5. **Remediation Timeline:** Enter when you anticipate that the issue will be resolved
6. **Available Workarounds (for vendor only):** Describe the business processes vendor will offer or third-party products that should be considered to work around the issue until full remediation.
7. **Comments (optional):** Provide details/description regarding the issue
8. **Additional Information (optional):** Provide any additional discussion regarding accessibility plans

Vendor/Product Information

Vendor Name	Toon Boom Animation Inc.
Product Name	Toon Boom Harmony
Product Version	V24
Completion Date	June 15 th 2024
Contact Name/Title	Bernard Boiteux
Contact Email/Phone	514-490-6498

Specific Issues

Issue Description	Current Status (Open, Closed, I/P)	Disposition (Planned, Deferred, I/P)	Remediation Timeline	Available Workarounds	Comments
Can Software be used by people without or limited vision?	Closed	Deferred	None	Due to the nature of the software, it is not technically feasible to close the gap	The software's primary use is to create graphic images and 2D content and is a visual dependent application
Can the software be used by individuals without perception of color?	Closed	Deferred	None	Due to the nature of the software, it is not technically feasible to close the gap	Some functionalities do not require the need to distinguish between colours
Can Software be used by people without or with limited hearing?	Closed	Deferred	None	Due to the nature of the software, it is not technically feasible to close the gap	Software does support audio playback, however, hearing is not necessary to operate the software
Can the software be used by individuals with limited Manipulation, Strength	Closed	Deferred	None	Due to the nature of the software, it is not technically feasible to close the gap	The use of a mouse, pen or tablet is necessary to perform tasks in the software, does not require special strength or reach. Software does not require speech.
Can Software be used by people without or with limited Language, Cognitive, and Learning Abilities?	Closed	Deferred	None	Due to the nature of the software, it is not technically feasible to close the gap	The software does not provide specific modes where features can be operated with some cognitive and/or learning disabilities
