

Articulate Storyline 360 Accessibility Conformance Report

We want to empower all learners to have accessible, compelling, and enjoyable e-learning experiences. With that goal in mind, we built Articulate Storyline 360 to support Web Content Accessibility Guidelines (WCAG) and Section 508 accessibility standards, as described in this report. And we continue to refine Storyline 360 so the courses you create go beyond technical compliance with these guidelines to become truly accessible and easy to consume. Keep an eye on our [Feature Roadmap](#) and our [What's New](#) page for all the latest enhancements.
