Thanks, Emma. As I look at Dyersburg State Community College, I see that they were looking at a possible purchase, but did not end up purchasing the resource due to budget constraints at the time. I do see some back and forth with DSCC about the accessibility, so they were certainly doing their due diligence and had probably added us to the database during those negotiations.

If anything else comes up that we can be of assistance with, please let us know.

I hope you have a great and safe Thanksgiving!

Thank you for your response and for providing the updated information about Infobase! One campus within the Tennessee Board of Regents system (Dyersburg State Community College) added the Atomic Learning platform to our system-wide Accessibility database in 2016. I am going through now and requesting

updates from all vendors with outdated conformance and remediation timelines. If you do not have record of this college in your system, I can archive this entry in our database instead of adding new documentation.

Thank you!  
Emma

Hello Emma,

Thank you for reaching out. I apologize that you have not received a response yet. I do have a few updates for you that may help this conversation. First, Emily Lachinski is no longer working here. Second, a few months ago Hoonuit sold our platform (originally the Atomic Learning Platform) to a company called Infobase.

[https://www.infobase.com/press\\_releases/infobase-acquires-professional-development-and-training-platform-including-content-from-hoonuit-completing-its-full-suite-of-educator-solutions/](https://www.infobase.com/press_releases/infobase-acquires-professional-development-and-training-platform-including-content-from-hoonuit-completing-its-full-suite-of-educator-solutions/) Our records do not indicate that we currently have any customers that are a part of the Tennessee Board of Regents at this time for this product. Was this sent in error or are you requesting the information to be completed for another reason?

Thank you,  
Customer Support

[EXTERNAL]

Good morning,

I have not yet received a response to the below email. Do you have an estimated timeline for when we can expect to receive the requested documentation?

Thank you!  
Emma

**Subject:** Accessibility Information Request

Good afternoon, Hoonuit Representative:

The Tennessee Board of Regents (TBR) – The College System of Tennessee – is requesting some information to ensure your product complies with Accessibility guidelines. If you are not the best contact for Accessibility questions for the below product, please send me an updated email address for that contact and I am happy to reach out to them instead. Our records indicate that the following product was last determined to be “partially conformant” with Accessibility guidelines, and the date of conformance has now passed:

- Atomic Learning

We found copies of the VPAT and Accessibility Statement for this product on [your website](#). In the VPAT you provided online, you have one or more items with a conformance status of "does not support," "partially supports," or "supports with exceptions." Because of this, you will need to complete this [Conformance and Remediation Form](#) outlining your timeline for achieving full conformance for each item that is not fully supported. For the remediation timeline, we prefer if you include full dates (month, day, and year). Please let me know if you have any questions as you complete this request.

All best,  
Emma
