

# TCPS OrientPro Accessibility Conformance Report

## WCAG Edition

(Based on VPAT® Version 2.5)

**Name of Product/Version:** TCPS OrientPro

**Report Date:** 1/29/2024

**Product Description:** Online orientation to the healthcare environment as required by clinical facilities for healthcare students. These students must meet certain physical and mental guidelines as described in Role Job Descriptions of the facility organizations for the healthcare professional student. For instance, students who are blind or do not meet the rigorous physical standards of being a clinical healthcare professional may have difficulty using the orientation tool. These students would not be eligible to come into the healthcare setting and care for patients, so their use of this online orientation would not be appropriate.

**Contact Information:** Pam Taylor; [pam.taylor@tcps-us.com](mailto:pam.taylor@tcps-us.com); 615-653-1712

**Notes:** All content information is presented as text on screen with an option to listen to the same content.

**Evaluation Methods Used:** Testing and responses are based on knowledge of the online orientation functionality.

### Applicable Standards/Guidelines
